

## Conflicts of Interest - Declarations

---

**REVIEW NAME:** Effect of intratympanic steroids compared to betahistine on vertigo outcomes in adult patients with Meniere's disease: a rapid review

**REVIEW CENTRE (conducting the review):** St. Michael's Hospital (Knowledge Synthesis Team)

**DATE:** Dec 11, 2018

Full Name	Related Declarations	Other Declarations
JoAnne Mosel	N/A	I am a member of a Network as well as on the PFAC of a project for which I receive a small honorarium. None of my activities relate to the drugs or disease being studied.
John A Sawdon	I have provided input on an Astra Zeneca product monograph from a patients perspective on a drug to treat hyperkalemia. That was in December of 2017.	N/A
