

ARE YOU IMPLEMENTING A NEW INITIATIVE, BUT NOT SURE HOW TO PROCEED?

Learn how to apply implementation science to real-world projects with the Practicing Knowledge Translation (PKT) course, offered by the Knowledge Translation (KT) Program at St. Michael's Hospital, Unity Health Toronto.

Upon course completion, participants will be able to:

- map barriers and facilitators to change, using theories, models and frameworks,
- select and operationalize implementation strategies to address barriers and facilitators,
- plan for implementation, evaluation, and sustainability.

PKT COURSE HIGHLIGHTS

This course will:

- show you how to identify and set up your implementation team,
- provide you with practical skills to choose the best implementation strategy for a project,
- result in a ready-to-implement action plan for your initiative.
