

INTRODUCTION TO KNOWLEDGE SYNTHESIS FOR KNOWLEDGE USERS

This course is accredited for University of Toronto students.

**Is treatment A better than treatment B?
What interventions are effective to address X?
What does the evidence say about Y?**

Knowledge Synthesis can help you answer these questions and more!

Learn how to conduct knowledge synthesis (KS) with the introductory course, Knowledge Synthesis for Knowledge Users, offered by the Knowledge Translation (KT) Program at St. Michael's Hospital, Unity Health Toronto and Dalla Lana School of Public Health, University of Toronto.

Upon course completion, participants will be able to:

- Differentiate systematic reviews from other types of reviews, including qualitative evidence reviews,
- Identify which organizations conduct KS and which individuals can be on the KS team,
- Distinguish between different types of evidence that can be summarized in KS,
- Develop a KS question and establish eligibility criteria for KS,
- Create a KS protocol.

COURSE HIGHLIGHTS

- By the end of this course, participants will have a protocol ready for registration that has been reviewed by the course directors.
- Learn from internationally renowned faculty who have supported over 1,000 KS projects around the world.

Find more information about this course, including testimonials, here: <https://bit.ly/KSforKUs>

COURSE LOGISTICS

Dates: Jan. 6 – April 4, 2025
Commitment: There are 17 modules and each module takes 3.5-5 hours to complete. The assignments take approximately 10 and 20 hours, respectively.

This is an **online** course. Participants:

- will engage with leading experts and KS practitioners,
- will apply what they're learning to their own KS project,
- will have access to webinars and resources for 6 months.

COST

\$1,800 CAD.
Up to 5 complimentary spots for SPOR Evidence Alliance members.
