

FOUNDATIONS OF KT

Put your research evidence into practice more quickly with knowledge translation

Learn the basics of knowledge translation (KT)/ knowledge mobilization (KM) with the Foundations of KT course, offered by the KT Program at St. Michael's Hospital, Unity Health Toronto.

Upon course completion, participants will be able to:

- identify key KT/KM definitions,
- understand how theories, models and frameworks can be used to support KT activities,
- discuss what to consider to plan for implementation, evaluation, and sustainability.

COURSE HIGHLIGHTS

This course will introduce you to the basics of knowledge translation including:

- distinguishing between dissemination and implementation science and practice,
- applying knowledge translation models, theories and frameworks,
- evaluating and sustaining implementation.

COURSE LOGISTICS

This is a self-directed, asynchronous online course. Participants:

- may register and join the course at any time,
- will have access to webinars and resources for 6 months,
- will receive a certificate upon completion of the course.

This course entails approximately 30 learning hours and participants typically complete it in 3 months. Find more information about this course here: <https://bit.ly/FdnsKT>

COST

\$815 CAD

FACULTY

Learn from internationally-renowned faculty with more than 35 years of combined experience in KT and implementation science. These experts have supported over 500 different implementation projects.

Dr. Tina Fahim: Scientist, Knowledge Translation Program

Dr. Sharon Straus: Director, Knowledge Translation Program; Tier 1 CRC in KT and Quality of Care; Physician-in-Chief, St. Michael's Hospital; Professor, School of Medicine, University of Toronto

REGISTRATION INSTRUCTIONS
