

Move your ideas into impact!

Learn how to apply implementation science to real-world projects.

The Practicing Knowledge Translation (PKT) course equips you with the tools, strategies, and expert guidance to move knowledge into action in real-world settings.

What You'll Learn

By the end of this course, you'll be able to:

- map barriers and facilitators to change, using theories, models and frameworks,
- select and operationalize implementation strategies to address barriers and facilitators,
- walk away with a ready-to-use action plan for implementation, evaluation, and sustainability.
